

Helical Foundation Design and Capacity Verification Training Course (6 PDH Credits)

Jeff Wilkinson, National Sales Manager - ECP

Jeremiah Thomas, PE – ECP

Wednesday, June 6, 2018

Location: Minneapolis Marriott West, 9960 Wayzata Blvd, Minneapolis, MN 55426

This helical foundation design training course will provide an in-depth understanding of the design and practical applications for helical foundations. The intent of this course is to provide a technical understanding of soils impact on design, shaft type and diameter selection, helical flight configurations, equipment required for installation, torque monitoring and testing along with real world applications and case studies. We will provide all the technical resources for the course. The course is taught by a licensed engineer who has been actively working in the helical industry. This course is limited to 45 attendees. Continental Breakfast will be served during registration. Lunch will be provided and will consist of Soup, Salad and a Build Your Own Sandwich bar.

Tentative Agenda-

7:00 am – 8:00 am	Registration and Continental Breakfast
8:00 am – 9:00 am	History of Helical Anchoring
9:00 am – 10:30 am	Helical Anchor Design and Configurations
10:30 am – 10:45 am	Break
10:45 am – 12:15 pm	Helical Design and Configurations Cont., Case Studies
12:15 pm – 1:00 pm	Catered Lunch
1:00 pm – 2:30 pm	Helical Pile Verification and Load Testing
2:30 pm – 2:45 pm	Break
2:45 pm – 4:00 pm	Review and General Discussion

All material will be supplied including Technical Manual, Note Pad and Writing Utensil.

PDH Certificates will be available at the end of the final hour.
